## A Paper Mill at Last—A "Big Thing" For San Marcos.

It gives us very great pleasure to be able to announce that Messrs Fourqurean & Code have sold out the head of the river's water-power to Messrs Ostrum & Jones, representing New York capitalists, who will at once proceed to erect thereon a paper mill to cost some \$200,000. We learn they will also erect an ice-factory, and take steps to further utilize the entire power. They are to pay \$18,000 for the property.

The FREE PRESS was the first to agitate the subject of a paper mill here, and has repeatedly returned to the subject. Of course we feel peculiarly glad and proud to see the idea about to be realized.

PREREADING at the Christian church on Lord's day by D. W. Pritchett, on the following subjects:

11 A. M. Asking, Seeking, Knocking—Matthew 7:7, 8.  
7 P. M. The safety and security of the Christian—Romans 8:28.

SAVED fifty per cent by buying at the bankrupt stock of Wm. Giesen. W. T. ROBINSON, Agt.

To the Citizens of San Marcos and Vicinity.

I have opened on the north side of the plaza, a nice, fresh stock of staple and fancy groceries, which I propose to sell as cheap as they can be bought in town. Please call and examine my goods and prices. Goods delivered free anywhere in the city.

Respectfully, R. W. LEAVELL.

LAST chance for big bargains at the Giesen bankrupt store.

Early Rose potatoes at L. J. DAILEY'S.

Tripes and Pig Tongue at McALLISTER'S.

The water works have been extended to the Institute, and the ramifications of their pipes are now pretty general throughout the town.

The Fire Company we learn is organized, and will take further action soon.

Coming!

Mr. J. C. Edwards, advance agent for the Rolla Ryan Company made a call on yesterday, and gave us information that they will appear at Harper's Hall on Monday night next. Our people have a pleasant recollection of their former performances here. Reserved seats at the drug store of Reynolds & Daniel.

Miss Sallie Smith, formerly the popular and efficient conductor of the military department of Doyle & Co's fashionable entertainment, is now located at the beautiful and prosperous young city of San Marcos, Texas, where she is engaged in the millinery and dress-making business. Miss Smith leaves behind her a host of friends who will rejoice at her success and well doing in her far-away Texas home. She is a competent, cultured and worthy young lady, who will be an ornament to the social circles of her new surroundings, all the people of Oxford wish her well.

We clip the above from the Oxford (Miss.) Falcon, of recent date. Miss Smith's associate, Miss Davidson, is from the same portion of Mississippi and comes equally highly recommended. Their store is in the former stand of the San Marcos Book-store, where they will shortly be in receipt of their Spring stock.

Sweeney has enroute a car of fine flour and his stock now as fine a selection of family groceries as can be found anywhere. What you buy of him is guaranteed and delivered free anywhere in the city. Give him a call and convince yourself. New goods arriving all the time.

New Goods.

Some of the finest hand-made stitched boots ever brought to San Marcos, none excepted can be found at J. B. HANKLA'S.

To give room for my spring stock of boots and shoes, I have already arrived! I will offer my present stock of goods at remarkably low prices. The above reduced price can be accounted for when one remembers how very small my sales-room is. So call at once and get fine goods for a small amount of money.

J. B. HANKLA.

Don't forget I am still selling full-stock call sewed boots for only \$3.50. Hand-made boots for \$5.00. Repairing done every day in the week. Measure work done at once—no fit, no take. J. B. HANKLA.

We are now almost daily in receipt of fresh new goods of recent purchase, for spring stock. We have now in store at reasonable prices, a full line of ladies' misses and children's fine shoes. White goods, such as piques, lawns, checked and striped muskoes, table damask, napkins, towels, etc., in splendid variety, at low prices. Also, cottons, checks and stripes, gentlemen's boy's and youth clothing. Spring hats—all grades, of newest designs. Our stock of linens, lawns, seersuckers and dress gingshams deserve special notice. Ladies' and misses hosiery, lace and linen collars, neckties in good variety. Come and see we will give you our best attention.

JOHNSON & JOHNSON.

CORPORATION ELECTION.—The first Tuesday in April is the day fixed by law for holding corporation elections, of which 10 days notice must be given. The mayor may give notice, or in default of the same, the council may do so. We trust due attention will be given to this matter. It is of the first importance to the well-being of our town.

Our Extra is still in frequent demand.

We printed 1000 copies, and the greater part of the edition is disposed of. It is recognized as being accurate and truthful, what honest people like. We need not suggest the convenience and saving of time and labor in sending such a paper in answer to inquiries concerning the county, rather than attempt to answer by letter.

## PERSONAL.

Charles Wetzel, of the firm of Sledge & Wetzel, Kyle, visited our town on Monday.

We regret to hear of the illness of Mr. Peel. His disease was congestion of the brain, but he is convalescent.

Mrs. Richardson, wife of Prof. R. had the measles from Kyle, and now has the disease again. Something rather unusual.

Our friend H. C. Storey, of Johnson City, Blanco county, reported at this place on Tuesday. Glad to see him looking well.

The FREE PRESS was the first to agitate the subject of a paper mill here, and has repeatedly returned to the subject. Of course we feel peculiarly glad and proud to see the idea about to be realized.

Mr. Hawkins, the enterprising oculist, bookseller, etc., of Austin gave us a pleasant call this week. See his advertisement in our columns.

Hofmeister's example in repainting his hotel ought to be generally followed. It would save a vast change for the better in the appearance of our town.

We have heard the late pulp efforts at this place of Rev. Mr. Riley, C. Presbyterian, quite highly spoken of. We learn he is expected to preach monthly at this place.

Thanks to F. A. Slaughter, formerly of this place, for an invitation to the commencement exercises of Louisville, (Ky.) Medical College. Mr. S. is chairman of the committee on invitation.

Mrs. Heaton has just returned from Pear. She says the town is growing very fast. She met somewhere out west Mrs. Hattox, formerly of this place. She and her family reside at Devine.

Dr. J. W. Gatton, from Louisville, Ky., called on us on Monday. He is thinking of locating in the practice of his profession in the Billy Thomas—now Knox—neighborhood. The doctor expressed himself as highly pleased with this country.

Mr. and Mrs. Thos. C. Johnson returned from their wedding tour on Saturday. Mr. J. says Mardi Gras at New Orleans surpassed all former celebrations of the kind. It was estimated there were 100,000 visitors present.

The Frontier Telegraph Company have secured an operator in the person of Carl Francis, of the Austin business college and school of telegraphy, who is now in charge. The Austin Statesman speaks in the highest terms of his character and qualifications.

## Martindale.

MARTINDALE, Tex., Feb. 29, 1884.

ED. FREE PRESS.—Since my last we have had lovely weather, the sun has shone brightly with scarce a cloud. I think that spring with all her beauties and her loveliness has fully made her appearance; the cool of the lone dove and the merry song of the mocking bird assures us that the worst of the winter winds of winter have passed away. Our farmers have taken every advantage possible of the beautiful weather in planting and making ready to plant their crops. Some are done planting corn, while others are afraid of the March or April frost and will wait till near Easter, they say, to plant for fear of late frost. Grounds are most all plowed ready for planting cotton as soon as it is safe to do so.

Miss Lizzie Lippold, of Lockhart was the guest of Mrs. S. L. McCulloch last week.

Mrs. McCulloch's mamma (Mrs. Minot) with her daughter, Mrs. Lippold, each from Cuero, are spending this week with her.

Miss Anna Thompson of your city will commence school at this place Monday next. She will board with Mrs. Tuttle.

Miss Sallie Williams, of Austin, is the guest of the Misses Jennings this week.

Our city sent but one representative to the Mardi Gras at Galveston, Mr. S. L. McCulloch, who says it was quite a success.

## The Eye.

Of the innumerable gifts that science has bestowed upon man, there are none more promotive of his happiness than the means afforded to arrest disordered vision or to counteract its impairment. To relieve an organ that is a source of such infinite pleasure, is surely to be desired by all those who are suffering from defective vision. Thousands in this State alone are suffering from injured and diseased eyes caused by wearing inferior spectacles. The glasses manufactured by Hawkes are said to be the purest in the world. His new patent eye-glass is a great invention, and his spectacles have a national reputation. His spectacles can not be obtained from peddlers or traveling salesmen. Mr. S. F. McAllister is his only agent in San Marcos, where a large assortment of his spectacles and eye-glasses can be found.

"Prickly Ash Bitters" is an unfailing specific for all complaints arising from a derangement of the functions of the liver. It purifies the blood and infuses new life into the invalid. Pains in the side, general uneasiness, loss of appetite, headache, bilious attacks, etc., etc. are sure indications that a corrective is needed. "Prickly Ash Bitters" is especially adapted for these complaints. It arouses a torpid liver to action and restores it to a healthy condition.

Quite inadvertently we failed to notice at the right moment the February number of "The Merchant and Manufacturer," a 16 page handsome business monthly published at San Antonio, and edited by H. Ryder-Taylor, a genial Briton whose acquaintance we had the pleasure of making at the Volkefeet last year. As we learn from his paper he has a good literary record in England and in this country. He was a contributor to Dickens' All the Year Round, and for a time amanuensis to the great novelist. He is now settled in Texas. We wish him all success.

We invite attention to the card of J. C. Rogers, carpenter and builder, to be found in another place. Mr. Rogers retired from the business to his ranch for about a year, with the determination, we believe, not to resume it; but as often happens in similar cases, found it impossible to resist the importunities of former patrons and others who appreciated his merits as a skilled workman and reliable gentleman, and is again fully in the harness. He is building the two elegant cottages of Gid and Tom Johnson, in which all his accustomed energy, skill and care are being exhibited. He will not doubt have all the work he can do.

THE FREE PRESS is one of the best advertising mediums in Western Texas, while its Job Printing Office is unsurpassed outside the larger towns and cities of the State. All work guaranteed. Orders by mail or otherwise will receive prompt attention.

Valuable Cyclopaedia at a Bargain.

We have a new copy of the latest Edinburgh edition of Chambers' Cyclopaedia, with an addition of about one-third by American editors, devoted to American topics, the whole in 19 handsome volumes. It is considered to be the best work of the kind for the price, and is being sold down to 1884. Having another copy of the same work, we will sell this one very low. Call at the Free Press office and examine it.

## Commissioners' Court Proceedings.

We give below the remainder of the proceedings of the Court, beginning with first day, February fifth:
